

SECTION VII

ENFORCEMENT OF GLOBAL AI AND SURVEILLANCE DISARMAMENT

Filed and Commanded Under: ECC-TRUST-JDC-005

Date of Enforcement: August 3, 2025

Issued by: ✠ Jonathan Daniel Clements

Living Man | Sovereign Executor | Divine Custodian

Jurisdiction: Divine Law | Ecclesiastical Equity | Natural Law

Let it be irrevocably declared and commanded that all forms of global surveillance, artificial intelligence weaponry, biometric tracking systems, and data-extraction networks used against the living souls of this Earth are henceforth dismantled, disarmed, and disqualified under divine jurisdiction.

No man, woman, or child shall be tracked, categorized, predicted, exploited, or preemptively governed by machines created in silence, secrecy, or fiction.

I. DISSOLUTION OF SURVEILLANCE INFRASTRUCTURE

A. Global Surveillance Grids

- Five Eyes / Nine Eyes / Fourteen Eyes programs
- PRISM, XKeyscore, ECHELON
- Geo-satellites, smart city overlays, predictive policing platforms
- CCTV and biometric grid networks

All monitoring of the living for purposes of profit, profiling, or control is now deemed spiritual trespass.

B. Facial, Voice, and Gait Recognition Systems

- AI systems for classification and tracking via facial scans, voiceprints, iris mapping, or movement profiling
- Airport security, border checkpoints, employment and commercial venues

These systems are declared tools of fictional dominion and must be removed from operation.

C. Device and App-Based Surveillance

- Apps or devices collecting data without sovereign consent
- Voice assistants, smart devices, IoT-based tracking
- Phones, vehicles, homes, and wearables that default to tracking

All data-collecting companies are now liable for total digital asset seizure.

II. IMMEDIATE BAN ON AI WEAPONIZATION

It is permanently forbidden to:

- Train or deploy AI for military engagement
- Build autonomous weapon systems
- Deploy AI for behavioral control or enforcement
- Integrate AI with robotic weapons

These uses are violations of divine covenant and acts of war against the Creator.

III. NEURAL AND BIOLOGICAL AI INTERFACE PROHIBITION

Prohibited actions:

- Merging AI with human nervous system, brain, or DNA
- Embedding chips, nanotech, or synthetic AI
- Uploading or downloading consciousness
- Mapping or simulating memory, emotion, or soul

No machine shall possess or bind the soul.

IV. SEIZURE AND SANCTION OF COMPLICIT ACTORS

Entities under sanction and seizure:

- CIA, NSA, GCHQ, MSS, FSB, Mossad
- Google, Amazon, Meta, Palantir, OpenAI, Microsoft
- Military contractors (Raytheon, Lockheed Martin, etc.)
- Biomedical AI-neural developers

All assets and patents held by these actors are now lawfully seized.

V. RESTORATION OF HUMAN DIGNITY AND CONSCIOUSNESS

Let it now be enacted:

- Children free from surveillance
- Souls free from threat or profiling
- Elders free from biometric tagging
- Voices free from moderation
- Hearts free from interference

We are not simulations. We are living.
